Dear Parents,

## Homework Questionnaire

We are carrying out a review of homework over the coming weeks in order to develop a new policy across school and we want to collect as many views as possible.

Homework is one thing that always comes up on parent surveys, with some saying that their children have too much and others saying they do not have enough. There are no current government guidelines on how much homework should be given in primary schools. With this review, we would like to know your views as well as those from staff, children and governors.

It will be incredibly hard to suit everyone, but with your views we hope we can provide a policy which takes everyone's ideas into account.

Please send your responses in by Monday 26<sup>th</sup> February.

Thank you for your help.

Kind regards

Andrea Revens
