Headteacher: Mrs A Revens

3rd January 2019

Dear Class 2 Parents,

Welcome back. I hope you all had a lovely Christmas.

Our first topic this term is Antarctica. We will be learning about the geography of Antarctica, how animals are adapted to survive in the harsh environment as well as stories of famous explorers and much more. As always, if your child has anything of interest relating to our topic please do send it into school for them to share with the class. After half term we will be learning about Kenya. We will study the human and physical geography of the country, find out why tourists travel to Kenya, what animals live there and what life is like in both urban and rural areas. As always, if your child has anything of interest relating to our topics please do send it into school for them to share with the class.

The Year 2 library session will continue to be on a Tuesday lunchtime but children are also able to change their library books between 8.45am and 9.00am every morning. They have a chance to change their reading book at this time too. Please do try to keep reading with your child EVERY day as it really does make a huge difference to their learning in all areas of the curriculum.

P.E. lessons this term will usually be on Monday afternoons. The children will continue to be outside whenever possible so please ensure that your child has warm clothing in school and a plastic bag to put muddy trainers in.

Although it is useful to have a key-ring on book bags to make them easily identifiable, could you please ensure that it is just one small one as we are struggling to fit some children's book bags into their drawers.

If there is anything else you need to know please do not hesitate to ask.

Many thanks for your continued support. I look forward to a busy and enjoyable term.

Mrs Bird

Class 2 Teacher
