

**Hackleton CEVA Primary School**  
***'Inspiring learning for life'***

23rd April 2021

Our Christian value for this term - Friendship

We are learning to be generous, caring and loyal friends.

Dear Parents,

Happy St George's Day!

We are very pleased to say that the Peace Garden is now fully stocked with plants which are going to grow and make the space a very calming and restful place to be. We have to say a very special thank you to Mr Hilling, who spent the whole of yesterday, expertly placing the plants in the raised beds to make a spectacular display, helped by Mr Deere. This will provide a sensory space with different flowers, textures and fragrances as well as encouraging wildlife. The children will begin to use the area over the next couple of weeks.

Attendance for the first week back at school was 99% overall which is fantastic. The number of lates is disappointing especially when we are allowing an extra 5 minutes in the morning due to the staggered start times. Individual class information is detailed below:

Class	Attendance %	Lates
R	100	1
1	99	5
2	99.3	1
3	98.7	4
4	99	2
5	96.7	3
6	100	2

**Learning Behaviours**

Rico-Wess Spokes	Ensuring each of his letters sits beautifully on the line.
Nancy Bodily	Challenging herself to hit the stumps 5 times in our cricket lesson.
Ava Markham	Persevering and using interesting vocabulary in English.
Annabelle Parker	Persevering in English and making corrections to her work.
Alex Ward	Working hard to include extra detail in your writing.
Millie Coolen	Working very hard in English this week and writing some super sentences.
Logan Childs	Concentrating really well to proof read your story starter.
Oscar Oakes	Persevering and not giving up when learning how to work with fractions.

Loni-Eli Ikumelo	Concentrating and producing a detailed diary entry with excellent vocabulary.
Josie-Rai Stead Alice James	Working independently in maths when rounding with decimals. Challenged herself to use many superlatives and imperative verbs in her advertisement for English.
Zara Holland	Challenged herself in maths by tackling a very difficult maths problem involving decimals, showing a lot of perseverance.
Morgan Allan Akala Sturgess	Showing great independence when working on percentages. Using adventurous vocabulary and more complex sentence structure in her book review.
